By the time this edition of the Link is distributed it is very probable that **anyone who has the slightest cough, temperature or flu-like symptoms will be required to self -isolate. This means that you CANNOT go to the shop to stock up - and then isolate! (Please note this is NOT an invitation to panic buy.)**

This will cause problems for many people, particularly those who live in remote locations, the frail and disabled. They may be unable to get medications or food without outside help, or perhaps need help accessing other outside agencies.

Mr and Mrs Copper run a very efficient delivery service for their normal stock but may have to limit their activities too.

Above are some telephone numbers of members of the Lewtrenchard WI who will endeavour to assist where they can. Goods will be delivered to the door but please do not open it whilst we are there. We will not be handling any cash or cheques to avoid contamination either, so please ensure that you are registered for On-line Banking, Telephone Banking, or have the Banking App on your Mobile.
